Courses do not have to be taken in this exact order. This is just a suggested eight semester plan that has outlined what a student would need to take in order to graduate in four years. Pay close attention to the suggested time frame for the courses in the specified concentration, many courses are only offered in either the fall or spring.

For a list of courses that satisfy your Historical Perspective, Humanities & Arts, Global Perspective, and Natural Science please view course offerings or Degree Checklist.

Electives are courses that cannot satisfy your General Education or Major degree requirements; please view your degree checklist to determine which classes qualify.

SUBU electives include BIOL 323, GEO 302, 500, 501, GEOG/GEOL 305, HIST 530, PHIL 565, PLSC 565, PLSC 325, PSYC 311, SOCL 310, SUST 300. SUBU Science includes BIOL 106, CHEM 101, ENVS 101, GEOL 225, PHYS 105, and SUS 102.

^{*} HIST 211 is a suggested Historical Perspective because it satisfies your constitution requirement.

^{*} If you took HIST 211 as a Historical Perspective you may take an elective in place of the constitution requirement.
