

## Student Comments

Here is a sample of student comments on the 2016 Financial Markets Seminar Trip:

*...The Financial Markets Seminar is a great networking and learning tool for any students looking to explore the financial world through the eyes of the biggest players on Wall Street.*

*...The trip is a once in a lifetime opportunity to visit some of the leading financial firms in our country. This is not only exclusive access to areas individuals can't simply visit; they treat you like VIPs the whole time.*

*...Once in a life time experience. You can go to New York 100 times and never experience what you get to experience while on this trip. It exceeded my expectations. I knew it would be a great trip, but I didn't anticipate how much it would change me personally and my career outlook.*

*...Exceeded my expectations. I was amazed at how much relevant information I learned about current events as well as "real world experience". It was a great way to apply what I had been learning in the classroom to actual workplaces even on a scale as large as New York and Wall Street.*

*...It exceeded my expectations, I knew it would be a great trip, but I didn't anticipate how much it would change me personally and my career outlook.*

*...Everybody should go on this trip.*
